

SQUAMISH VALLEY ROD AND GUN CLUB

Presidents Report Two

AUGUST 1, 2008

Now that I have had the opportunity over the past months of meeting with many of you, I am encouraged with the cooperation and enthusiasm.

Our monthly meetings have been productive with the following business:

- Proposed revision to By-Laws to remove voting and non-voting criteria
- General maintenance plan for grounds and buildings
- Much better scheduling of range use with Kiewit
- Working on plan to improve ranges with Kiewit as part of their compensation for disruption over the past years.
- Plan to make Club House and facilities wheel chair accessible.
- Determining cut off dates for yearly membership.

GOOD NEWS

The Canadian Biathlon team rented our grounds and Club house for a week in July and will again next year.

Archery Section had a very successful tournament and members did very well

VOLUNTEERS REQUIRED

With the coming of the hunting season range use will increase as will the need to monitor who is using the range and that fees are being paid and signing in done by all users. Propose that from mid August to the end of September that we have a member supervise the range. Suggest four hours per day. If you want to volunteer, please let me know by August 14 and how many days and dates you would be available.

CLUB FACILITY SCHEDULE

The August and September schedules are available.

Cheers

Mike
